## **Sharm El Sheikh**

More pictures of the trip in March to Sharm from Mike Green

We had an excellent week in late March, air temperature and water temperature similar at 22C.

Diving alongside reefs, good buoyancy control essential as had to avoid touching the coral.

Lots of fish of all sizes and colours and found a turtle at the bottom of a reef at 30m.

*Nigel swimming over the wreck of the Dunraven*

On our last day we had a 5.00 am start and a 4-hour boat trip to Thistlegorm a truly remarkable dive, with all the cargo of war paraphernalia still intact.
